 161 fee setting year by the Chair of the Appropriations Committee.
- 162 8. The GPSAF approved by the GPSA, according to Item III, shall, by January 1, be presented to the

 165 **Item V. Amendments**

- 166 1. This document may be amended pursuant to Article VIII §D of the GPSA Charter.
- 167 2. All amendments must also be incorporated into the GPSA Eligibility Criteria and Obligations for Byline  
 168 Funded Organizations, the GPSAFC Funding Guidelines, the GPSA Bylaws and the GPSA Charter. It is  
 169 recommended to amend the Charter first and then the other documents in sequence.

170  
 171 **Item VI. Criteria for Setting and Allocating the Student Activity Fee and Delegation of Authority**

172 Pursuant to a letter dated March 1, 1999, the President of the University has delegated responsibility for the setting  
 173 and allocation of the Student Activity Fee to the Student Assembly (SA) and the Graduate & Professional Student  
 174 Assembly (GPSA) within the following guidelines:

- 175 1. The SA and the GPSA shall each amend their respective charters to include the criteria for the setting and  
 176 allocation of the Student Activity Fee, including the guidelines set forth herein and which criteria shall be  
 177 reviewed by and meet the approval of the President of the University.
- 178 2. The Student Activity Fee for undergraduate students and for graduate and professional students shall be set  
 179 every two years for a period of two years by the SA and the GPSA, respectively.
- 180 3. The amount of the Student Activity Fee shall be determined by the last day of classes in the fall semester of  
 181 the fee-setting year by the SA and the GPSA, after substantive input and active participation in the fee-  
 182 setting process by their constituencies. In the event the SA or the GPSA is unable to meet this deadline, the  
 183 applicable Student Activity Fee will default to the amount and allocation currently in effect during the fee-  
 184 setting year.

Cornell University  
Graduate and Professional  
Student Assembly

- 185 4. In general, in order to be considered for funding from the monies collected through the Student Activity  
186 Fee, an organization must meet the following criteria:
- 187 a. Register as a student or university organization with the Student Activities Office
- 188 b. Allow students equal access to the services being provided by the organization or participation in  
189 the organization's activities
- 190 c. Operate primarily for students by students with funds disbursed through a university operating  
191 account
- 192 d. Have an advisor to assist with oversight of the university operating account.
- 193 e. Funding from the monies collected through the Student Activities Fee may be provided directly to  
194 an organization, which applies for and receives "byline" funding status, outside of the established  
195 Student Assembly Finance Commission or Graduate and Professional Student Assembly Finance  
196 Commission processes. In addition to the general criteria set out above, an organization wishing to  
197 receive by-line funding must demonstrate:
- 198 i. Its activities are of direct and primary benefit to the entire Cornell community represented  
199 by the respective assembly; and
- 200 ii. It has a demonstrated budgetary need equivalent to at least 50 cents per student per year.
- 201 5. The SA and the GPSA may also elect to provide by-line funding for other programs and services, which are  
202 not registered organizations (e.g., Students Helping Students, club insurance) but whose organizational  
203 structure and programs and services are consistent with the criteria outlined above for by-line funded  
204 organizations. Such funding would require the approval of the respective assembly and the President of the  
205 University.
- 206 6. The SA and the GPSA will ensure that an appropriate balance is maintained between funds allocated to by-  
207 line funded organizations and the Student Assembly Finance Commission or Graduate and Professional  
208 Student Assembly Finance Commission, respectively. The SA and GPSA shall allocate no less than 35% of  
209 their respective Student Activity Fees to the applicable Finance Commission for disbursement among non-  
210 by-line funded organizations.
- 211 7. Neither a check-off option nor an option to pay an amount in addition to the established Student Activity  
212 Fee for specific programs or services will be allowed for purposes of exempting a student from paying the  
213 full amount of the Student Activity Fee, due to the funding instability inherent in administering such a  
214 system. Exceptions may be considered if recommended and approved by the respective assembly and  
215 approved by the President of the University.
- 216 8. These guidelines and the procedures established in accordance therewith shall be reviewed by the SA and  
217 the GPSA and a representative of the President of the University at least every four years in a non-fee-  
setting year.
